

## Brownie Points Explained

For thousands of years, men have tried to understand the rules when dealing with women. Time and time again you hear of "brownie points," but what are they exactly? Well, look no further as we have the definitive guide and actual point values. Remember, in the world of romance, one single rule applies: Make the woman happy.

*Do something she likes, and you get points.  
Do something she dislikes and points are subtracted.  
You don't get any points for doing something she expects.  
Sorry, that's the way the game is played.*
